Tropical Veterinary Medicine & One Health in Uganda

Program Description:
This course focuses on One Health, international animal production and health management, disease surveillance, public health systems, food safety and security, and multi-national cultural exposure. The course is delivered in collaboration with Makerere University in Kampala, Uganda, and uses mainly experiential field trips (i.e. farms, field experiment stations and national parks) for learning opportunities. There is a cultural boma (workshop) and international conference during the last week.
